

# ULTRA SONIC WATER LEVEL METER

**Monitor levels from your smartphone or PC**

Using the Ultra Sonic Water Level Meter provides crucial data on important infrastructure conditions, which helps monitor water levels, prevent malfunctions and flooding.

It's never been so easy to remotely measure level, and with our Dashboard you can also track your level history.

We customise the dashboard to the needs of the client.

The ultra-Sonic Water Level meter solution uses the state-of-the-art Sigfox low-power network to provide connectivity on a maintenance-free product with up to five years of battery life. Waterproof and environmentally sealed.

## POTENTIAL APPLICATIONS INCLUDE:

- **Water level in storage tanks, dams or other water storage containers.**
- **Milk coolers**
- **Skip bins**
- **Waste bins**
